

<b>Name : The Lady Alice</b>	<b>Price: £47,500</b>
------------------------------	-----------------------

The Lady Alice is a 60ft Cruiser Stern built by Branson Boatbuilders in 1990. Now and again a narrowboat comes to market that is a little different. Reportedly, only 8 narrowboats were built with this design.

The bow and stern have echoes of a Thames skipper launch. The large stern and bow are great for taking in the cruising experience and for socialising in the evenings.

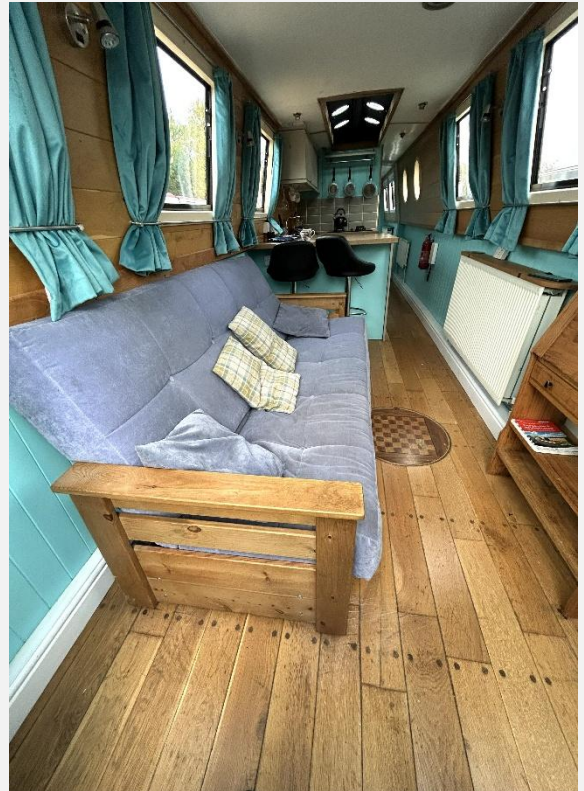

The Lady Alice has the popular reverse layout and a Isuzu engine.
