| Name: Steadfast | Price: £39,950 |
|---|---|

Steadfast is a 42ft traditional stern narrowboat, built in 1999 by Stowe Hill Marine.

For a boat of this size, Steadfast has ample storage and clever features to make best use of the internal space of the boat. This includes a cross bed which cleverly stows away between wardrobes to reveal a fold down table, converting the use of this space from a bedroom to a study or dining room, and the bathroom includes doors to hide away the toilet and shower area, converting into a corridor when not in use.
Steadfast also has stunning external paintwork, that has been well cared for and in great condition.
